KHUSHI CLINIC :

Key stakeholders – Top Brokers, Transporters, petrol, pump, FSW/MSM programme R.T.o

Action plan: identify top brokers Transporters and create a database keep

Updating the database on a regular basis and database to be maintained

and at TI Level. Copy to be shared with the PO Brief them on the vulnerabilities of HIV/AIDS

and STI by conducting sanitization workshops

share IEC Materials with them, and keep them regularly update on the

various activities being carried out at the field level on a monthly basis

list out the contacts of the local petrol pumps Brief them on the project

and sensitizes of HIV/AIDS and STI by conducting sanitization workshops

identify the FSW/MSM programme identify the truckers as clients

The first step to seek support from the RTOS would be to sensitive them

on the vulnerabilities of the truckers with regard to HIV /AIDS and STI .

This can begin by face to face interaction with the RTO followed by

initiating small training for their internal staff on awareness Generation HIV/AIDS and STI

Criteria: criteria for selection of brokers for clinical intervention brokers

dealing in LDTS loading and unloading more than 10 truckers preferable

to locate satellite clinics in building/near premises where multiple broker offices are located

so that a large captive clientele can be catered to a

clean lighted and client friendly environment which provides friendly environment which

Provides privacy above mentioned details to be captures

and Shared with STI team

FSW/ MSM programme running in and around the TSL and where truckers

from and important client group

Outcome: visibility to the programme ,space for static/satellite clinic and condom outlets, display IEC materials ,take financial support for wall painting spaces for hoarding medicines etc.

Supervise and participate in programme activities ,Refer truckers to programme clinic, support peers and ORWS in conducting IPC and mid

media activity Insurance for their truckers, support in raising the self

Esteem of the truckers, Training of RTOS, display of IEC material on the check post, incorporate question of HIV/AIDS an
